#### What are your organizational goals?

Mettle Ops is focused on supporting the Warfighter by connecting mature technologies and trades with government customers. We help support soldier lives on the battlefield by engineering and designing equipment to work and function well.

#### What do you consider your organization's differentiator?

Mettle Ops guarantees predictability in pricing, dependability, and transparency. We network with small businesses who have leading technologies and capabilities to bring the best to the Warfighter and the Government Customer.

#### What capability gaps are you able to fill and which industry colleagues would you like to know about them?

With the vision of Warfighters Serving Warfighters, Mettle Ops is able to provide superior support in program management, engineering, finance, IT, cyber security, 3-D printing, and business development. With over 30 years of combined military service, Mettle Ops is acutely aware of the obstacles facing the Warfighter and therefore are able to provide products and services with industry ingenuity and practicality.

We are fiscally conservative, and we champion our expertise to bring exceptional results. Mettle Ops is certified Service-Disabled Veteran Owned Small Business (SDVOSB), Economically Disadvantaged Woman Owned Small Business (EDWOSB), Women Business Enterprise (WBE), Woman Owned Small Business (WOSB), National Veteran Business Development Council (NVBDC), Center for Veterans Enterprise (CVE), Veteran Owned Small Business (VOSB), and U.S. Small Business Administration 8(a) Certified. We are NIST 800-171 compliant, ISO 9001:2015 Certified by PJR, and AS9100 Pending.
