SUMMARY

Abstract:
2-3 sentences summarizing the RTK development or integration effort you'd like to present at the RTK Dev Forum.

Category (check all that apply):
☐ **New Capability:**
  ☐ **Sensors/Perception/Localization/World Mode**
  ☐ **Planning/Navigation/VMS/Motion Execution**
  ☐ **Behaviors/Higher Level Functions**
  ☐ **Interfaces (User, InterVehicle) and Comms**
  ☐ **Other**

Autonomy Build & Integration onto a Vehicle
☐ **Infrastructure:**
  ☐ **Software Dev & Testing Tools**
  ☐ **Modeling & Documentation**
  ☐ **Other**

SOFTWARE DEVELOPMENT/ SYSTEM INTEGRATION OVERVIEW

Narrative or bullets that describe your RTK software development, system integration, or infrastructure effort

*Purpose / Goal(s) / Objective(s)
● Type and Amount of Funding / Level of Effort
● Approach / Work Performed
● Key Partners (if applicable)
● Results / Outcomes
● Vehicle / Platform (if applicable)
● Testing Performed
● Next Steps / Resources Required to Further Mature

RTK LESSONS LEARNED & IMPACT

Narrative or bullets that describe your experience working with RTK and how the work you performed contributed to growing and improving the RTK ecosystem

● Challenges / Obstacles Faced and How Resolved
● Key Lessons Learned
● Resulting Recommendations for RTK Enhancements
● Impact / Applicability of the Results / Outcomes
● Availability of the Results / Outcomes
● Maintainability/Sustainability of the Results / Outcomes
